[A Listening Comprehension スクリプト]

I'm going abroad on holiday, and I was wondering if you could take care of Mimi for me. She enjoys taking walks in the living room, but please be careful. She may decide to fly out of the window to get back home.

Mimi eats special food that you can only buy at the pet shop near the soccer stadium. I'll bring it along with her when you are free. And please change her water twice a day. She always needs to drink clean water.

Oh, one more thing. Please turn off the lights at 8:00 p.m. Mimi cannot go to sleep in a bright room.
